# Anni

Design: Per Aagaard Jepsen

**The Anni** has been designed and developed in a light, minimalist style with a view to reflecting its elegance and simplicity.

**The Anni** can be used in restaurants, cafés, canteens and conference rooms, and in your own private home.

The chair can be stacked up to 12 high and removed on a trolley for storage.

**The Anni** is available in a range of exclusive colours and veneer surfaces.

The chair is also available with armrests, and can be both seat-, partly- or fully upholstered. The chair can be supplied with linking device and a writing tablet. The steel frame is available in chrome / mat alu / anthracite.
