

Campanula H1

Design
Andrea Branzi

Year
2009

Description

Campanula is a diffused light ceiling lamp, whose form was inspired by the flower of the same name. It's composed of three flared diffuser bells, each with a different diameter, which are mounted one on top of the other with transparent silicone spacers. Campanula is made of blown glass and comes in white, gray and amber.

Materials

Handblown, double skinned glass diffusers. Spacers in transparent silicone. Transparent power cable. Chromed ceiling rose.

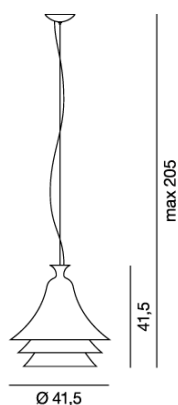

Certifications

CE IP20
