Intens LED

Design Philippe MICHEL

The INTENS range has now been developed to introduce LED technology. This model uses 3 LED ensuring high light output with maximum efficiency. This light source ensures exceptional bulb life, excellent illumination without overheating, UV, infra red rays, or colour distortion. Satisfying all environmental and working requirements.

For more information on this product download the technical sheet on www.manade.com

01 White

24 Black

27 Anthracite Grey

29 Silver

Equipped with three 2.3 W power LED and a three position switch located under the head that allows a double lighting intensity (2 LED = 560 Lux – 3 LED = 900 Lux)
 Power consumption : 4.6 W or 6.9 W
 Lighting efficiency : 45.6 lumens / W
 Colour heat : 3150° K
 LED life expectancy : 50 000 hours

The 3 x LED INTENS is available with double and triple articulations on base, on clamp and on SURF Adaptor.
