Mini LED

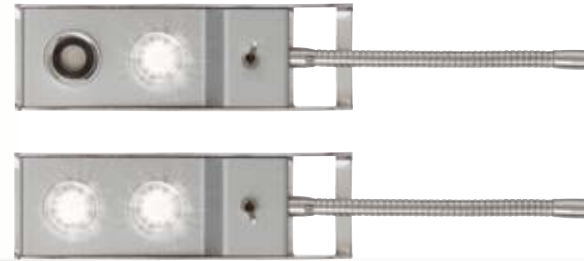

Design Philippe MICHEL

The MINILED is a modern and already popular lamp. Much acclaimed for its style and compactness.

Aware of our ecological responsibility, economical and with a long life expectancy, MINILED is the result of "Sustainable Design".

Elegant and innovating, the Double Intensity LED sources offer comfort and good lighting power to the user. The flexible arm adaptable on base or on third level toolbars grants a practical and functional use of the lamp.

For more information on this product download the technical sheet on www.manade.com

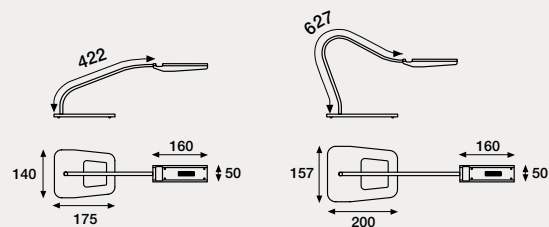

MINILED 3A on DUALIS and SURF Toolbars.
